Subject: Specification Modification Notice

Dear Sir or Madam,

We, NOHKEN INC., notice that optional specification of PVDF lining for Model FR and LR are stopped supplying from 31st May, 2004. However, PFA lining will be added and superseded. The chemical resistance of PFA is equivalent with PVDF at the public literature.

This is out of our control, our parts supplier has decided for discontinuation. We will not undertake the parts supply, repair, and modification for the existing products based on the discontinuation of optional specification.

We appreciate for all your activity and effort to promote these products for long period of time.

If you raise any request or question, please do not hesitate to ask.

Thank you for your kind understanding and cooperation

Sincerely yours.

Hiroaki Kawasaki

Exporting Sales Coordinator
